They involve personal interactions between two or more people about something of interest.

But all is not lost Not only can conversational skills be learned and developed, but it is surprisingly easy to do so, especially if you follow some simple rules.. Everyone likes to be listened to, and to be asked for their views If the conversation flags, or you feel that you are talking more than you should, useful questions include:ВЂњWhat do you think about this?ВЂќIf you are not getting much response, try something like:ВЂњBut perhaps you donВЂ™t follow [current subject].. This is where social media makes life difficult We're used to broadcasting our views, and then responding if others comment.. Keeping a conversation going is something of an art, and one which many of us now seem to lack.. But many people worry about having conversations They are concerned that they won't be able to keep the conversation going, or about what they will say.
